# Item I. MP attendance by Party

## I-1. Attendance rate by Party

\*NMP or Nominated Members of Parliament are not affiliated to any Party.

**Note:** Data is based on average attendance at roll call across parliamentary sittings in this month. MPs may not be present throughout the entire sitting. Senior Ministers or Ministers whose portfolio requires extensive overseas travel may be absent more frequently.

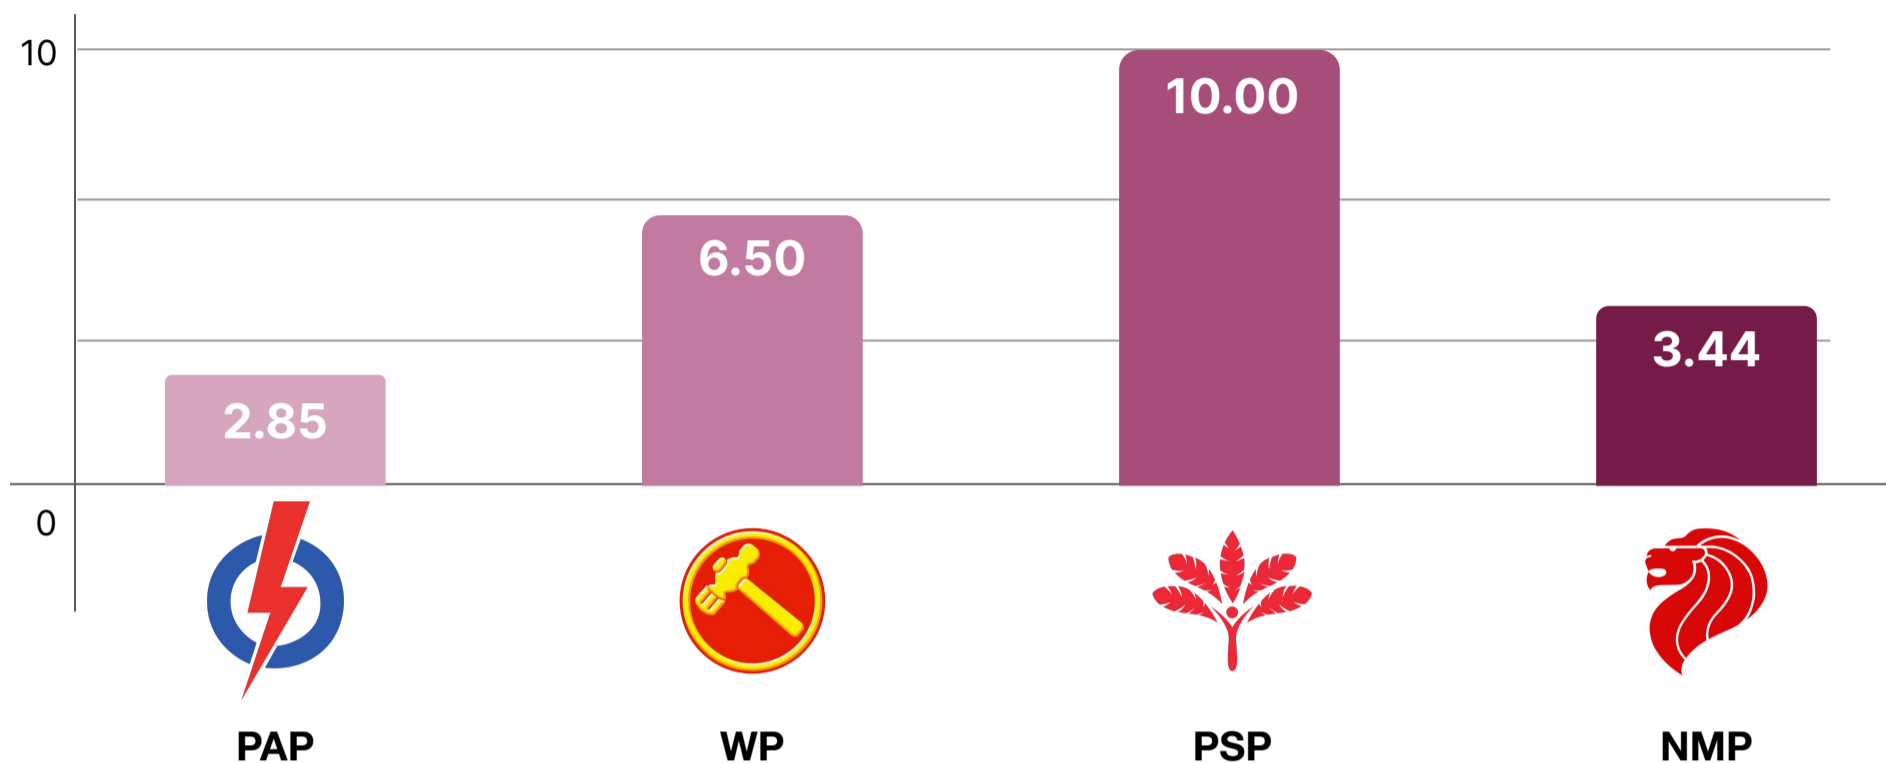

### Did you know?

Attendance data based on the Hansard only tracks attendance at roll call. MPs may not be present throughout the entire Parliament session. Some citizens have observed in photos and livestream videos that Parliament sessions can be largely empty, except during important votes or debates.

# Item II. Parliamentary Questions (PQ)

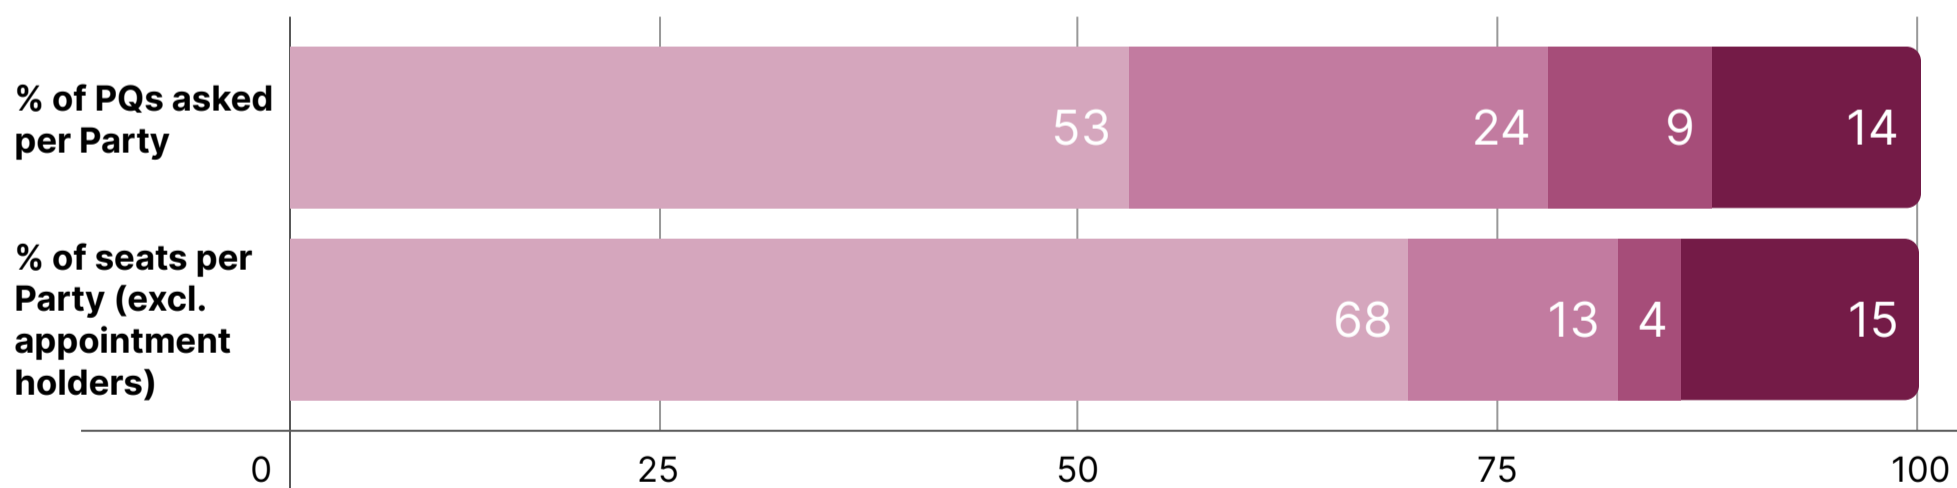

## II-1. Average number of questions asked per MP

Maximum of 10 PQs across January sittings
